Sir,

In submitting herewith a copy of letter No. 203 dated 24th March 1924 from the Executive Engineer, Kadur Division requesting to obtain and communicate the sanction of Government for the increase of the mileage allotments for certain District Fund Roads, and the inclusion of fresh Roads for maintenance, I have the honour to state that the increase in the allotment of the roads noted in the enclosed list was urged by the Executive Engineer with a view to maintain them in a good condition and the District Board at their Budget Meetings accorded their sanction from time to time since 1918-1919 for the increases proposed by the Executive Engineer, and accordingly necessary provision was also being made in their annual Budgets sanctioned by Government. Now the Comptroller having desired that specific sanction of Government for the increases and additions should be obtained and communicated to him, the matter was again placed before the District Board at their meeting held on 26-7-1924 when they resolved that formal sanction of Government may be obtained therefor and a copy of their resolution is submitted herewith for reference.

I therefore request you to be so good as to obtain sanction of Government for the increases in mileage allotment as well as for the inclusion of fresh roads accepted from time to time by the District Board for maintanance in respect of the Roads noted in the enclosed
